

The Wine Clip

Bring out the best
in every bottle
of wine.

The most innovative wine accessory to come along in years, The Wine Clip® instantly improves the flavor and bouquet of wine as it is being poured!

Using principles of magnetics, The Wine Clip® softens astringent tannins and helps accelerate aeration resulting in a smoother, more balanced taste.

Powered by an array of high-strength Neodymium magnets, The Wine Clip® is incredibly simple to use. Just clip it to the neck of the bottle, pour a glass of wine, and enjoy.

The Wine Clip® is a favorite of experts and consumers alike...

amazon.com
and you're done.™

Our customers have spoken...

The Wine Clip® has been a top customer pick wherever it's sold.

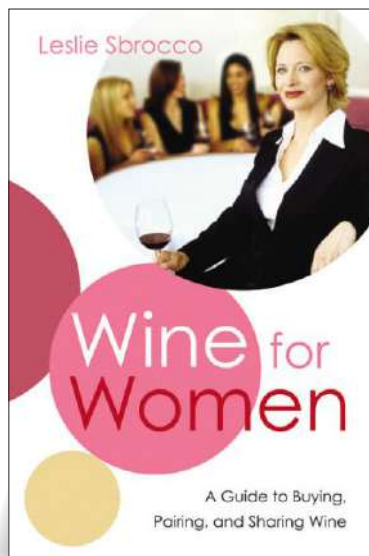

“For the American home
it's a deal!”

Eric Bierbrier

Kendall Jackson Wines

As seen on the Fox 4 News segment 'DEAL or DUD'

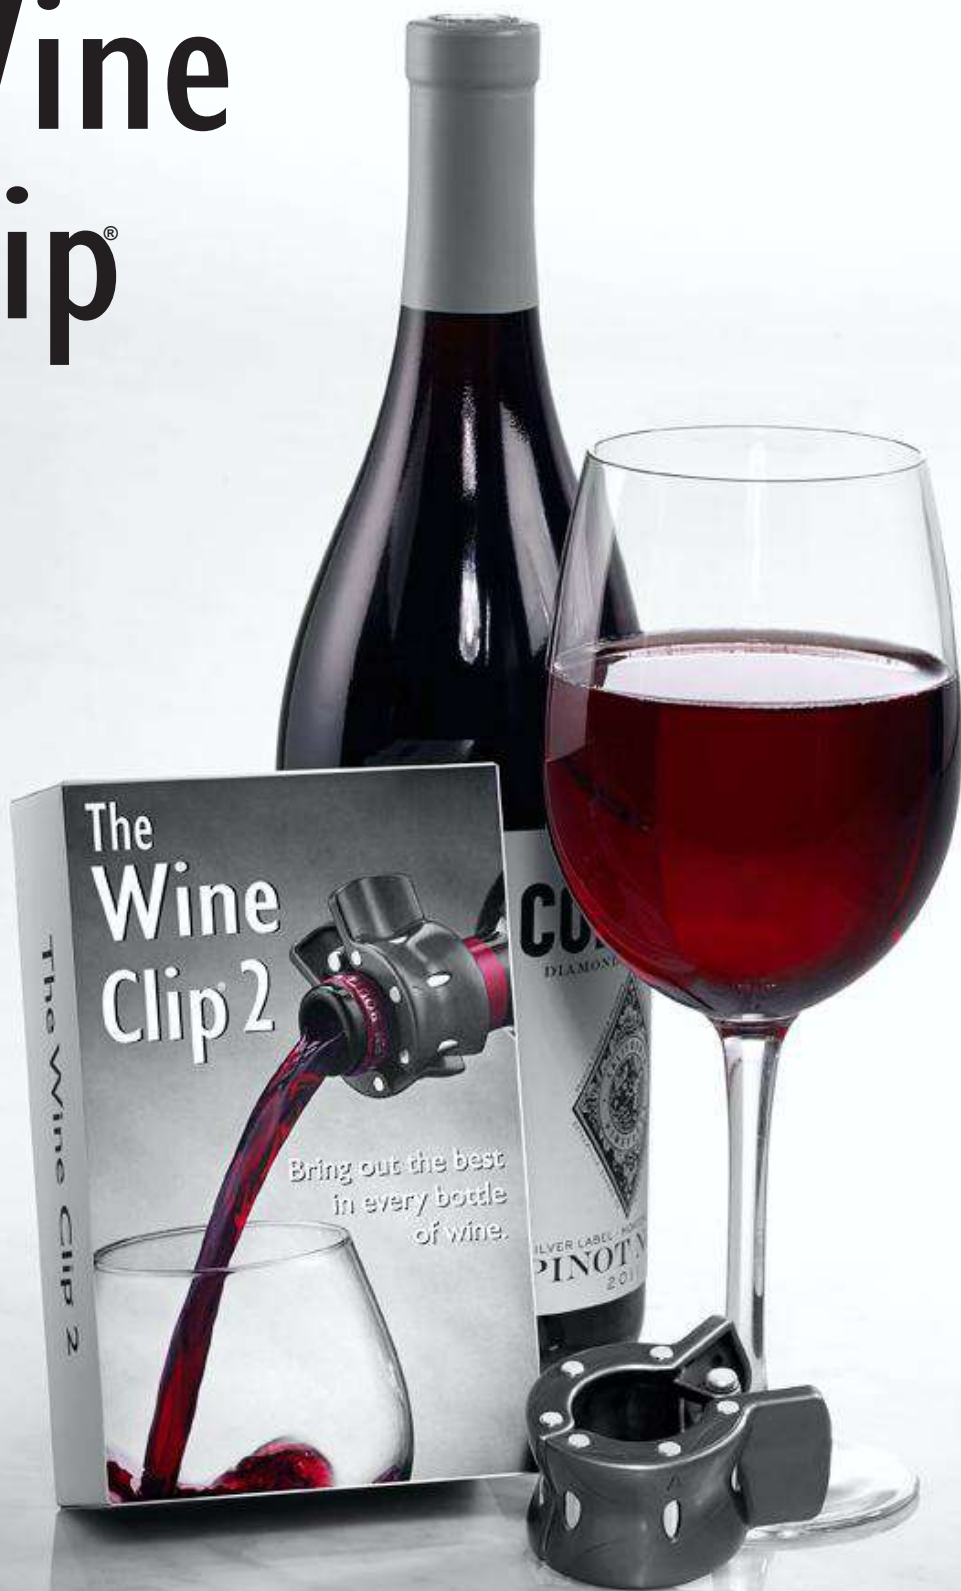

“The Wine Clip® works and I'll be the first to admit I was initially skeptical. Much like decanting, it made the wine smoother and immediately more pleasurable to drink”.

Leslie Sbrocco

Award winning wine author
